EMI Bronze Casting

Ricardo Garces  
3D Industrial Design

Dear Sirs:

Major General Harry M. Wyatt III has confirmed and authorized the site for the National Afghanistan & Iraq War Memorial - Thunderbird Park, which adjoins the prestigious 45th Infantry Division Museum in Oklahoma City, Oklahoma. This distinctive memorial uses an advanced technology to honor and remember the brave men and women who have and will sacrifice their lives for freedom in this global war on terrorism.

It took us two and a half years to perfect the technology to produce the special tributes that will be used in this memorial. It took another one and a half years to locate a prominent site. (Why DC is not an option is covered in the *Memorial Preview* document.)

We are inviting each of the top 100 Federal Prime Contractors - 2007 as compiled by WashingtonTechnology to sponsor this distinctive memorial at one of our top donor levels - Memorial Founder, Golden Eagle Sponsor, Silver Eagle Sponsor, or Bronze Eagle Sponsor.

The National Afghanistan & Iraq War Memorial will honor, in toto, the brave men and women who have paid, and yet will pay, the ultimate price for freedom. It will offer comfort to their loved ones who will never forget them. And it will demonstrate to the world our appreciation and respect for their sacrifices.

This memorial is the ***first of its kind*** in the world. Each fallen hero will be honored with a diamond coated, black, surgical stainless steel tribute that's designed to withstand the elements for thousands of years. Your support for this unique and history making commemorative will **never be forgotten**.

Join us in making this National Afghanistan & Iraq War Memorial a reality *today!* Please take some time to read the *Memorial Preview*. Then review our Web site for more in depth information. I would be honored to personally discuss, at your convenience, your organization's support. Please use our Web site's Contact Form, send a letter via post to the address at the bottom of this page, or call 919-662-1850.

Sincerely yours,

Jason Savage  
President/Project Director
